

ADVANCED LINEMAN TRAINING PROGRAM (ALTP)

Participants will receive in-depth training on overhead lines, underground lines, grounding procedures, job planning and much more, while continuing to develop leadership skills. Crew leaders are the most important part of any line department's safety culture and operational directives. If these leaders are educated and skilled in the latest work practices and leadership techniques, then those they lead will follow in the same direction.

DATE Oct. 30 - Nov. 1, 2023	TIME 9 a.m. to 4 p.m.	COST \$100	CAPACITY 12
REGISTRATION DEADLINE Monday, Oct. 16		LOCATION Franklin Training Center	

The Advanced Lineman Training Program (ALTP) is designed for line crew leaders from across the state to come together and hone their skills in line work, safety and leadership. In the three-year program, participants will spend two and a half days at the Franklin Training Center, once per year, where they will receive a combination of classroom and hands-on experience with industry best-practice work methods and equipment.

Class sizes will be limited to 12 participants so the experience can be as interactive as possible.

Classes are also limited to one participant per co-op, per session and spots will be filled on a first-come, first-served basis.
