BANQUET HALL MAP

AMPP Construction is an Indiana-based company that specializes in overhead electrical distribution, underground distribution, and storm restoration. We are proud to employ some

of the most talented and reliable linemen who take pride in their work. With some of the updated and well-maintained equipment available, our crews' efficiency and effectiveness take us to the next level. Though our footprint has increased dramatically across Indiana and the surrounding states, our positive reputation and small-town values remain unchanged.

BUCKFOLD™ SKINNING KNIFE

Introducing our latest innovation, the BuckFold™ Knife, designed with the working professional in mind. With its generously sized handle, the BuckFold™ is ideal for gloved hands, making it perfect for linemen and other professionals who require gloves during work.

This thoughtful design feature ensures comfortable and secure handling, even when wearing thick gloves or sleeves. Say goodbye to the hassle of struggling with tools while working — experience effortless precision with the BuckFold™ Skinning Knife.

Compact 10.2" overall length.
2.7" Durable Carbon Steel blade with Titanium
Finish coating for razor-sharp precision.

Accessory ring for versatility.
Lightweight portability at 0.5 lbs.
Crafted with an ergonomic Polypropylene handle.

The background of the advertisement is a grayscale photograph of a utility worker in a bucket working on a power line. The worker is positioned on the right side of the frame, and the power line runs vertically through the center. The background is a mix of light and dark gray geometric shapes.

The logo for Kent Utility Services is a shield-shaped emblem. It features a lightning bolt at the top, the words "KENT UTILITY SERVICES" in the center, and another lightning bolt at the bottom.
